

June Lee, M.D.

Board of Director, Tenaya Therapeutics, CinCor Pharma, Eledon Pharmaceuticals Inc. and GenEdit

Founder and Former CEO, Esker Therapeutics (Alumis)

June Lee is a physician-scientist with over 20 years in the biotechnology and pharmaceutical industry. Most recently, she was Founder and CEO of Esker Therapeutics. She previously served as Executive Vice President, Chief Development Officer and Chief Operating Officer of MyoKardia where she built and led a world-class development organization that was acquired by Bristol Myers Squibb for \$13.1 billion in November 2020. Prior to MyoKardia, Dr. Lee was Professor of Medicine at UCSF School of Medicine, where she served as Director of Translational Research and built the Catalyst Program, an internal accelerator for early-stage technologies. As the therapeutic area head at Genentech, Dr. Lee led early clinical development programs in cardiovascular and metabolic diseases, infectious diseases, and respiratory diseases. Dr. Lee serves on numerous boards in the healthcare industry including the Advisory Board for Johns Hopkins University Center for Therapeutic Translation, the Board of Directors for Tenaya Therapeutics, CinCor Pharma, Eledon Pharmaceuticals Inc. and GenEdit, and is a member of the Scientific Advisory Board for Foresite Labs. Dr. Lee received her undergraduate degree in chemistry at the Johns Hopkins University, earned her medical degree at the School of Medicine at University of California, Davis, and completed her clinical training in internal medicine and pulmonary & critical care at UCLA and UCSF.
